Approved and Adopted Resolution Opposing the Removal of Geographic Priorities for Queens High Schools

October 21, 2021

WHEREAS, Queens high schools are the most overcrowded schools in New York City (NYC), operating at 112% capacity ¹; and

WHEREAS, enrollment in our high schools exceeds capacity by 8,849 seats (see exhibit A); and

WHEREAS, Queens high schools are so overcrowded that a significant percentage of our high schools operate in multiple shifts ²; and

WHEREAS, 12,394 Queens students must commute to other boroughs to attend high school due to lack of available seats, and many have NO CHOICE but to commute 2-3 hours daily (see exhibit B); and

WHEREAS, Queens is a “transportation desert”. A sizable portion of students’ homes and high schools are not located near public train stations, requiring excruciatingly slow bus rides for our students³ ; and be it further;

WHEREAS, according to research such lengthy commutes impacts students’ attendance, academics, ability to complete homework, physical and mental health, and ability to participate in afterschool programming, clubs, and sports³; and

WHEREAS, Queens needs an additional 21,243 high school seats (8,849 plus 12,394) to accommodate our students, well above the 6,685 that the School Construction Authority (SCA) cites in its current 5-year capital plan¹; and

WHEREAS, the Chancellor’s Parent Advisory Council (CPAC), the Queens High School Presidents’ Council, and Queens Panel for Education Policy members have urged the Department of Education (DOE) and School Construction Authority (SCA) to build more high schools in Queens for at least a decade, but the SCA has failed to deliver thus far⁴ ; and

WHEREAS, the SCA's current five-year plan calls for the construction of only 4 high schools with 6,685 seats to be completed by September 2028, meeting less than one-third of the current need and ignoring the ongoing construction boom in Queens¹; and

WHEREAS, forcing even more students into overcrowded high schools and overcrowded subways and buses during the COVID-19 pandemic may put their health and even their lives at risk; therefore

BE IT RESOLVED, that the Community Education Council of District 26 (CEC26) opposes the removal of geographic priorities in high school admissions in Queens; and

BE IT FURTHER RESOLVED, that CEC26 requests the chancellor to rescind removal of the Geographic Priorities until such time the SCA builds new high schools with sufficient capacity to relieve overcrowding in Queens.

CEC26 supports and thanks Queens High School Presidents' Council for their hard work in opposing the removal of geographic priorities for Queens High Schools.

*This Resolution was approved at October 21, 2021 Calendar Meeting by a unanimous vote by CEC26.
CEC 26 Members Present:*

Alan Ong, Dilip Nath, Jennifer Catherall, Adriana Aviles, Todd Friedman, Taeho Hwang, Norman Cohn, Dennis Chan, Sulinda Hong, and Albert Suhu.

NYC High School Enrollment by Borough of Residence, 2019-2020

Residential Borough	Where Residents Are Enrolled					
	Bronx	Brooklyn	Manhattan	Queens	Staten Island	Total Res.
Bronx	53,489	694	16,839	400	19	71,441
Brooklyn	375	80,427	10,805	2,138	658	94,403

Staten Island	12	696	606	23	17,800	19,137
Total Seats	58,207	88,680	64,666	77,240	18,514	307,307

Please note the difference in total number of seats in Queens high schools in this data (77,240) vs the data above (80,958). We assume this difference is due to the treatment of 6-8 graders in 6-12 and 7-12 high schools and the treatment of transfer high schools.
